## **DYNEO DD-BC26 Heating Circulator**

## New temperature control technology for demanding applications

DYNEO DD heating circulators for internal and external applications are equipped with closed bath tanks. The tanks are well insulated and include a coil for counter-cooling. An integrated drain tap makes emptying the tank safe and clean. The multilingual 3.5-inch color display and unique rotary knob provide for straightforward and intuitive operation.

## Your advantages

- · Suitable for internal and external applications
- · Powerful and infinitely adjustable pressure pump
- · Flow rate 22 l/min, pressure 0.6 bar
- · Easy switching between internal and external circulation
- · Large color TFT display, multilingual interface
- · Central rotary knob (controller) simplifies operation
- Integrated programmer
- Integrated external Pt100 connection
- · USB port
- · RS232 interface or analog interfaces
- Bath cover included with delivery
- · Integrated drain makes emptying liquid easy and safe.
- High-quality thermal insulation of the bath tank
