

Model BF 56 | Standard-Incubators with forced convection

The BINDER incubator of the BF Avantgarde.Line series with forced convection is suitable for all gentle incubation applications, particularly under a full load and large batch throughputs. This incubator is extremely homogeneous and has quick recovery times.

BENEFITS

- Excellent temporal and spatial temperature accuracy
- High process reliability
- 100 °C disinfection routine

Model 56

MAIN FEATURES

- Temperature range: +7 °C above ambient temperature to +100 °C
- High temperature accuracy thanks to APT.line[™] technology
- Forced convection
- Controller with LCD display
- Electromechanical control of the exhaust air flap
- Inner door made of tempered safety glass

Model 56

- 2 chrome-plated racks
- Stackable
- Class 3.1 integrated independent temperature safety device (DIN 12880) with visual alarm
- Ergonomic handle design
- USB port for recording data

ORDERING INFORMATION

| Interior volume [L] | Voltage | Option model | Version | ArtNo. |
|---------------------|----------------------|-----------------------|-----------|-----------|
| | 230 V 1~ ph 50/60 Hz | Standard BF056-230V 9 | 9010-0313 | |
| 59 | 120 V 1~ ph 60 Hz | Standard | | 9010-0314 |

TECHNICAL DATA

| Description | BF056-230V ¹ | BF056UL-120V ¹ |
|---|-------------------------|---------------------------|
| Article Number | 9010-0313 | 9010-0314 |
| Performance Data Temperature | | |
| Temperature range +7 °C above ambient temperature to [°C] | 100 | 100 |
| Temperature variation at 37 °C [± K] | 0.2 | 0.2 |
| Temperature fluctuation at 37 °C [± K] | 0.1 | 0.1 |
| Heating-up time to 37 °C [min] | 6 | 6 |
| Recovery time after 30 seconds door open at 37 °C [min] | 3 | 3 |

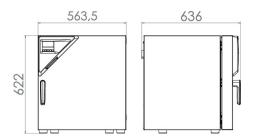

1 All technical data is specified for unloaded units with standard equipment at an ambient temperature of +22 °C ±3 °C and a power supply voltage fluctuation of ±10%. The temperature data is determined to BINDER factory standard following DIN 12880, observing the recommended wall clearances of 10 % of the height, width, and depth of the inner chamber. All indications are average values, typical for units produced in series. We reserve the right to change technical specifications at any time.

Data Sheet Model BF 56

BINDER

| Designation | Description | * | ArtNo. |
|--------------------------|---|---|-----------|
| | IQ/OQ documents – supporting documents for validation performed by customers, consisting of: IQ/OQ checklists incl. calibration guide and comprehensive unit documentation; parameters: temperature, CO ₂ , O ₂ , pressure, depending on unit | | |
| | Digital in PDF format | - | 7057-0001 |
| Qualification de sumante | Hard copy inside folder | - | 7007-0001 |
| Qualification documents | $IQ/OQ/PQ$ documents – supporting documents for validation performed by customers, according to customer requirements, PQ section added to qualification folder IQ/OQ; parameters: temperature, CO_2 , O_2 – or pressure, depending on unit | | |
| | Digital in PDF format | - | 7057-000 |
| | Hard copy inside folder | - | 7007-000 |
| Rack | chrome plated | - | 8012-2038 |
| | stainless steel | _ | 8012-208 |
| Rubber pads | set anti-slip feet | _ | 8012-2030 |
| Shelf, perforated | Stainless steel | - | 6004-018 |
| Table on castors | stable cart, casters with locking brakes, dimensions: W 1,000 x D 800 x H 780 mm | _ | 9051-0018 |

SERVICES

| Description | * | ArtNo. |
|---|--|---|
| | | |
| Connect the unit to the customer-side connections (electricity, water, wastewater, gas), basic functions check, brief operating instructions. (excl.: unpacking, setup, controller instructions, programming, installation work) | 05 | DL10-0100 |
| Instruction regarding operating principle and basic functions of the unit, operation of the control electronics including programming | 05 | DL10-0500 |
| | | |
| | | |
| Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts | 05 | DL20-0710 |
| Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts, testing of all key functions, replacement of wear parts, calibration of one test temperature specified by the user in the center of the usable space, including certificate | 05 | DL20-0910 |
| One-off maintenance service in accordance with maintenance schedule. Visual inspection of mechanical and electrical components, testing of all key functions. Calibration of a test temperature specified by the user in center of usable space without certificate | 05 | DL20-0200 |
| Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts, testing of all key functions, calibration of one test temperature specified by the user in the center of the usable space, without certificate | 05 | DL20-0810 |
| | | |
| Calibration of one (1) test temperature specified by the user in center of chamber, including certificate | 03, 04, 05 | DL30-0101 |
| Extension of calibration of one (1) additional test temperature specified by the user in the center of the usable space, including certificate | 03, 04, 05 | DL30-0102 |
| Temperature measurement with 18 measuring points with a set value specified by the user, including certificate | 03, 04, 05 | DL30-0118 |
| Temperature measurement with 27 measuring points with a set value specified by the user, including certificate | 03, 04, 05 | DL30-0127 |
| Temperature measurement with 9 measuring points with a set value specified by the user, including certificate | 03, 04, 05 | DL30-0109 |
| | | |
| Execution of IQ/OQ in accordance with qualification folder | 05 | DL40-0100 |
| Execution of IQ/OQ/PQ in accordance with qualification folder | 05 | DL44-0500 |
| | | |
| The warranty is extended by 1 year from the delivery date, wear parts are excluded | - | DL50-0010 |
| | Connect the unit to the customer-side connections (electricity, water, wastewater, gas), basic functions check, brief operating instructions. (excl.: unpacking, setup, controller instructions, programming, installation work) Instruction regarding operating principle and basic functions of the unit, operation of the control electronics including programming Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts, testing of all key functions, replacement of wear parts, calibration of one test temperature specified by the user in the center of the usable space, including certificate One-off maintenance service in accordance with maintenance schedule. Visual inspection of mechanical and electrical components, testing of all key functions, calibration of one test temperature specified by the user in the center of usable space without certificate Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, testing of all key functions, calibration of one test temperature specified by the user in center of usable space without certificate Calibration of one (1) test temperature specified by the user in center of chamber, including certificate Extension of calibration of one (1) additional test temperature specified by the user, including certificate Temperature measurement with 18 measuring points with a set value specified by the user, including certificate Execution of IQ/OQ in accordance with qualification folder Execution of IQ/OQ/PQ in accordance with qualification folder | Connect the unit to the customer-side connections (electricity, water, wastewater, gas), basic functions check, brief operating instructions. (excl.: unpacking, setup, controller instructions, programming, installation work) 05 Instruction regarding operating principle and basic functions of the unit, operation of the control electronics including programming 05 Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts. 05 Maintenance service as contractually agreed, visual inspection of mechanical and electrical components, check of control response, 20% discount on spare parts, testing of all key functions, replacement of wer parts, calibration of one test temperature specified by the user in the center of the usable space, including certificate 05 One-off maintenance service in accordance with maintenance schedule. Visual inspection of mechanical and electrical components, testing of all key functions. Calibration of a test temperature specified by the user in center of usable space without certificate 05 Calibration of one (1) test temperature specified by the user in center of chamber, including certificate 03, 04, 05 Calibration of one (1) test temperature specified by the user in center of chamber, including certificate 03, 04, 05 Temperature measurement with 18 measuring points with a set value specified by the user, including certificate 03, 04, 05 Temperature measurement with 9 measuring points with a set value specified by the user, including certificate 03, 04, 05 |

NOTES

- Condensation may occur in the area around the access port. Access ports may be placed in custom locations for an additional charge. UL mark is not granted when this option is used. 01
- 02
- Sensor calibration is performed in an accredited calibration laboratory. 03
- Calibration is performed according to the BINDER factory standard. 04
- 05 Quoted prices do not include travel costs. Please refer to the chapter on BINDER Service for travel costs for your region. Quoted prices for services performed in Switzerland do not include a country-specific added fee (available on request).
